A Summer Trip Unsurpassed On the Continent.

The trip to Salt Lake City or Lake Pacific could via that point over the Denver & Rio Grande and the Rio Grande Western is the most beautiful in America. No European trip of equal length can compare with it in grandeur of scenery or wealth of novel interest. Thus Salt Lake City itself is a most quaint and picturesque city, the most beautiful and well built with the longest, the Mormon Temple, telephones, public office and church institutions its sulphur springs within the only mineral springs of the West.

Its climate and its Great Salt Lake deserts and dunes and the Great Sand Dunes of Colorado are but a few features of Salt Lake City's unique attractions.

There are parks, drives, oceans and beautiful mountain and lake resorts. Imagine, if you can, a body in salt water 8 miles above sea level and in water in which the human body cannot sink. Imagine your nerves intact after a long drive from the mountains to Salt Lake City, the City of Lakes, or St. Louis, Mo., where the water is salt water.
